

## SQUARE PEGS

**Organization:**

Divide the players into pairs with one ball between two players.

**Structure:**

Two 8x8 yard boxes 10yards apart.

**Procedures:**

Players O serves the ball, through the air into the other box were player X tries to settle the ball inside the box. Then X returns the serve and O tries to control it.

1. Start with drop kick service. Have the player bounce the ball then volley it into the other square.
2. First give them unlimited touches to settle the ball in the square then limit them to two or three touches.
